RS is a brand by RS Components Limited, a Electrocomponents corporation.

The human being in focus

Dear customer,

Safety and protection have been on everyone's lips for the last few years, and this has sharpened our focus on safety in the workplace, both in the form of personal protective equipment and at the production site.

New innovative products have seen the light of day as a result. For example, antimicrobial self-adhesive films for surface hygiene for push buttons and door handles, as well as contactless door openers. And some products have been further developed, such as people counters.

It has become clear that people are the deciding factor for all areas of security. Our personal protective equipment can be as good as it can be, but we must use them correctly so that they can provide full protection and not are seen as difficult to use. Also, machine safety must be an integral part of the production environment.

In this catalogue you can see a selection of how RS can help you with both personal protective equipment and with electrical and machine safety.

We have all the leading brands in stock, but we can also offer you our own brand, RS PRO, which gives you a wide range of alternatives with the same high quality, just at a much lower price. Happy reading!

If you would like to see more, take a look at no.rs-online.com

Best regards

Claus Pedersen

151-2995	Tool lanyard 1.4 m/→ 4.5 kg	204, 14 kr
707-7296	Wrist strap, large	45, 12 kr
707-7293	Wrist strap, medium	47, 40 kr

Plastic helmet with lanyard

- Elastic safety helmet strap with buckle
Secures the safety helmet from falling

151-2984	E3150 helmet lanyard, → 0.9 kg	79, 90 kr
151-2985	E3155 helmet lanyard, → 0.9 kg	79, 90 kr

Height-safe diagonal cutters

- Powerful diagonal cutters with two-component handles
- Made of chrome-vanadium steel, for soft and hard wires
- Safety system, for use at great heights

910-3177	Facom SLS diagonal cutters, 160 mm	386, 70 kr
910-3186	Facom SLS diagonal cutters, 200 mm	496, 91 kr

Height-safe locking pliers

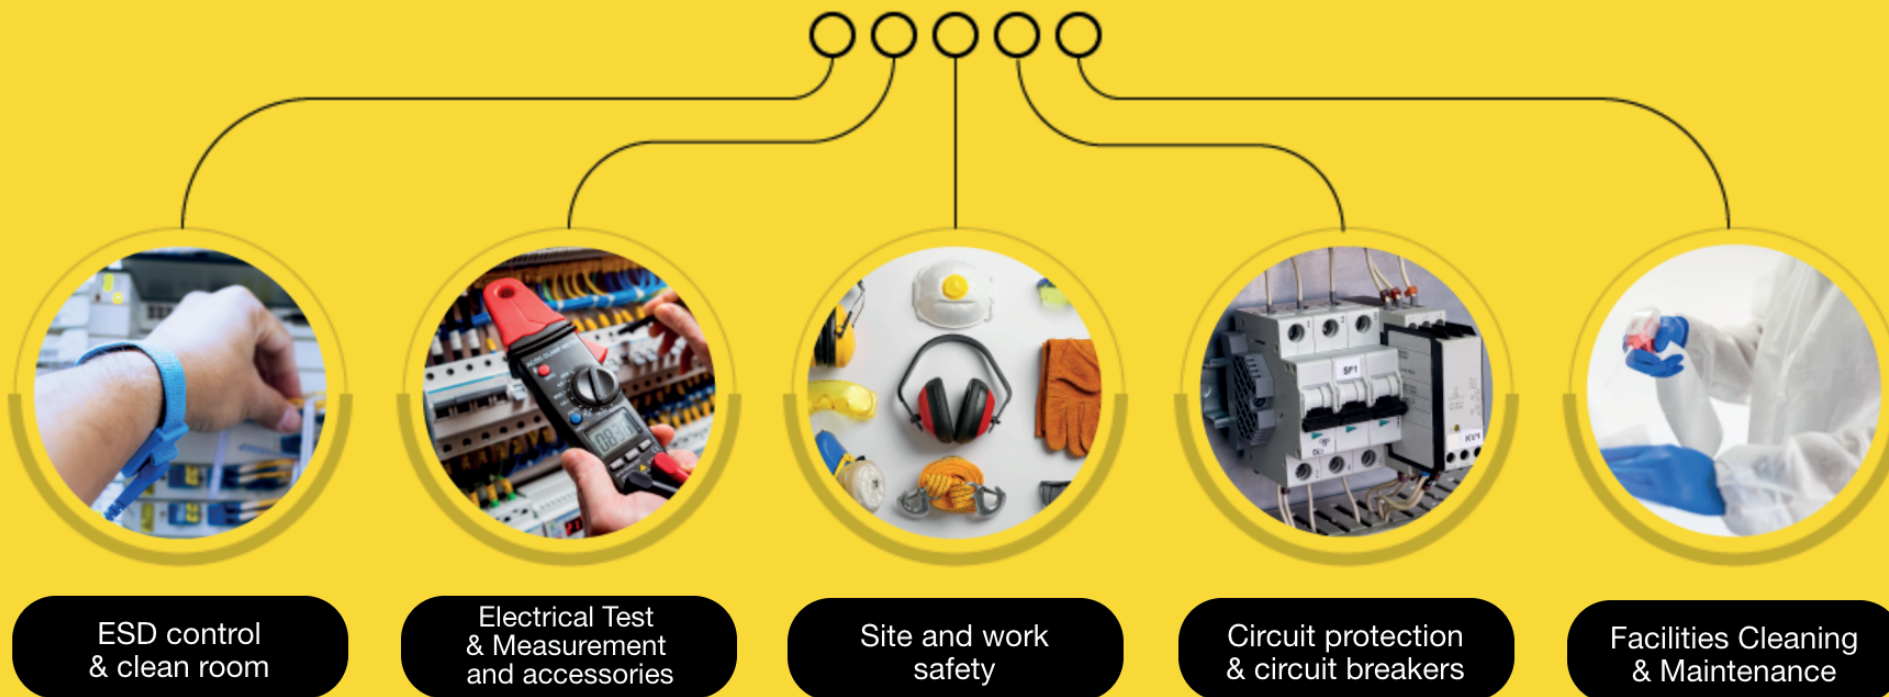

- Fast and easy to use Facom tool, with SLS fastening, to protect against falling
- Lever for quick change of span width

910-3221	Facom locking pliers, 230 mm	596, 06 kr
910-3224	Facom locking pliers, 250 mm	602, 42 kr

The most important products for your operational safety and the protection of electrical installations at a glance.

Click on an area to view the corresponding products and brands.

Thermal imaging cameras

- Combine all important functions for high-quality thermographic measurements at an affordable price
- Accurate, fast, reliable and robust enough to withstand the rough daily use
- Very good picture quality
- Large temperature measuring range

125-2265	Testo 865 - thermal imaging camera, 160 x 120 pixels	10 860, 53 kr
125-2266	Testo 868 - thermal imaging camera, 160 x 120 pixels	16 622, 37 kr
125-2267	Testo 871 building diagnosis set - smart mould set	22 166, 78 kr
125-2268	Testo 872 thermal imaging camera, 320 x 240 pixels	29 928, 96 kr

RS-8806S IR thermometer

- Precise, non-contact measurement of temperature in °C or °F
- Housing and surface temperature can also be selected
- Storage of the last 32 measurements
- Measured value storage and automatic switch-off
- Display resolution 0.1°C

201-0210 RS-8806S IR thermometer, → 60°C

639, 56 kr

202-0774 RS PRO face scanner with IR thermometer **9 305, 70 kr**

Barth people counter

- People counter with traffic light display and buzzer
- Access monitoring to protect customers and employees
- Control of inflow and traffic in rooms
Maximum number of people can be set easily via touch display
- Quick setup in less than 5 minutes
Ideal for retail, catering, chemist's shops and service providers

201-7846 BARTH people counter PC-10

12 936, 97 kr

710-5212 4-digit upwards counter, 65 × 39 × 46 mm

710-5216 4-digit upwards counter, 65 × 39 × 53 mm

Mechanic hand-held counter

- Mechanical 4-digit hand-held counters
- Also suitable for table mounting
- For monitoring of flows of pedestrians, visitors, passengers or vehicles

72, 08 kr

165, 25 kr

Multi-function test equipment

- Multifunctional electrical installation tester for various uses CF and RT models for automotive use, wiring and relay testing
- MT-6600 models for selective voltage measurement between L-N, L-PE and N-PE
- Test voltage 1,000 V, continuity test current 1 mA
- Please refer to RS Online for complete data

200-3705	CF-02 vehicle electrical installation tester	434, 86 kr
200-3704	RT-05 automotive Current tester	167, 42 kr
144-5338	MT-6600 electrical installation tester	6 522, 19 kr
177-9342	MT-6600 electrical installation tester and Bluetooth Clamp Meter	8 289, 99 kr

RS PRO voltage indicator

- Double-pole voltage display and continuity test
- For quick, accurate results when testing circuits
- Combining function and versatility, a must-have for every electrician tool kit

205-0093	DT-9230 voltage indicator, → 600 VAC/DC	529 kr
124-1961	IVT-10 voltage indicator, → 750 VAC/DC	578, 68 kr
124-1962	IVT-20 voltage indicator, → 750 VAC/DC	833, 18 kr

GMW multi-function test equipment

- Extremely accurate and versatile measuring instruments for use in all 3-phase AC systems
- Control loop and line impedance measurement
- Measurement of insulation resistance, low point resistance and earth resistance measurement

136-5807	PROFITEST MXTRA M500V electrical installation tester	29 298, 42 kr
136-5806	PROFITEST MXTRA M520P electrical installation tester	26 080, 49 kr
899-8205	PROFITEST INTRO M503B electrical installation tester	18 144, 37 kr
899-8208	PROFITEST INTRO M520T electrical installation tester	10 849, 66 kr
867-5627	MASTER PROFI M520R electrical installation tester	21 199, 23 kr

RS PRO insulation tester

- Large backlit LCD display
- Convenient compare function (pass/fail)
- Detection of DC/AC voltage, with high frequency suppression
- Insulation test: 50 V, 100 V, 250 V, 500 V, 1.000 V
- Safety classification cat. IV 600 V

123-3220	IIT1500 insulation test equipment 20 GΩ	3 118, 35 kr
917-6308	IIT2010 insulation test equipment 9.5 GΩ	25 449, 95 kr

Voltage indicators & magnetic field detectors

- Contactless voltage indicators in pen design
- For detecting alternating voltage in cables, electrical sockets VP-2 also shows screen radiation
- Contactless detectors indicate magnetic fields by illuminating the tip
- For alternating and direct current fields as well as permanent magnets
- Small magnet in the pen cap for function tests

123-3247	IVP-1 voltage indicator, → 1,000 VAC	142, 63 kr
161-1627	VP-2 voltage indicator, → 1,000 VAC	77, 62 kr
375-5422	Magnetic field detector, → 1,000 VAC	377, 02 kr
141-1996	Magnetic field detector, ATEX	593, 90 kr

RS PRO earth and ground resistance testers

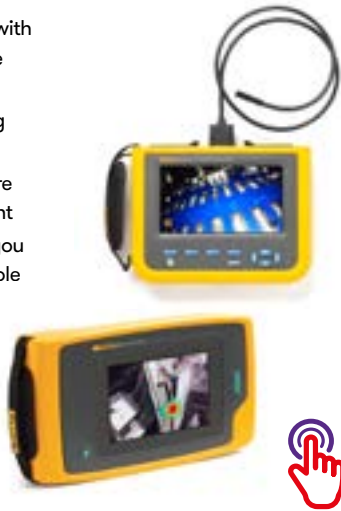

- Digital earth testers from RS Pro, 3-pole
- Large backlit display for easy reading of the display
- Min/max and hold function with data storage and memory
- Automatic zero point adjustment
- For ensure safe path to earth present and correct grounding of motors, generators, cables and switchgear

144-5339	ET5300 LED earth and ground resistance tester → 2kΩ	1 265, 32 kr
123-2238	IET1700 LCD earth and ground resistance tester → 4kΩ	2 284, 19 kr

Fluke inspection cameras

- Identify weak points quickly with industrial cameras from Fluke
- Do more with the same air compressors - Delay investing in an additional compressor
- Ensure the correct air pressure for your pneumatic equipment
- With the DS703 videoscope you can detect errors in the keuhole principle through a \varnothing 8.5 mm x 1.2 m probe
- Lower operating costs by reducing the leak detection time

FLUKE		
187-6163	FLUKE ii900 sonic leak detector camera	17 3731 kr
175-8013	FLUKE DS703 videoscope	19 569 kr

Fluke clamp meters

- Fluke 320, 360, and 370 series Clamp Meters
- Certified instruments for collecting a wide range of measured values for advanced troubleshooting
- Series 370 FC devices log and transmit sporadic errors to mobile devices via the Fluke Connect app
- Find out about all device data on RS Online

FLUKE		
705-1941	FLUKE 365 clamp meter, 200 A	2 612 kr
765-3660	FLUKE 325 clamp meter, 400 A	2 291 kr
905-5911	FLUKE 374 FC clamp meter, 600 A	4 053 kr
905-5914	FLUKE 376 FC clamp meter, 1,000 A	5 659 kr

Fluke thermal imaging cameras

- Professional, high-performance maintenance set, consisting of a pocket-sized thermal imaging camera and a T6-1000 electrical tester
- Various thermal imaging cameras for comprehensive troubleshooting and predictive maintenance
- Option of real-time communication via smartphone and Fluke Connect
- All data and the entire series can be found on RS Online

FLUKE		
201-2099	FLUKE PTi120 thermal imaging camera + T6-1000	8 675 kr
198-1145	TiS60+ thermal imaging camera -20° → +400°C	34 999 kr
186-4696	Ti401 PRO thermal imaging camera -20 → 650°C	79 999 kr
171-6857	Ti480 PRO thermal imaging camera -20° → 1,000°C	106 999 kr

Fluke voltage tester

- The FLUKE T6-1000 measures voltages up to 1,000 Vac / 200 A with FieldSense technology
- Clamp Meter measurement without opening circuits or contact with live parts
- The two-pole T150 tester is indispensable for electricians
- Extremely robust and easy to use, with a range of functions

FLUKE		
189-3830	FLUKE T6-1000 KIT2, voltage tester with alligator clips & soft case	2 968 kr

Fluke power supply/energy measuring

- Three-phase power logger for basic quality studies of power and energy
- With Fluke Connect mobile app and desktop software compatibility for real-time broadcasts
- Analyser for motor drives with 500 MHz oscillator
- Saves time when setting up and troubleshooting frequency converters
- Test and step-by-step measurement of the most important motor parameters

FLUKE		
136-5784	FLUKE 1736, 4-channel energy meter	34 032 kr
900-9986	FLUKE 1738, 4-channel energy meter	49 834 kr
179-7957	FLUKE MDA-550, 4-channel motor analyser	66 206 kr

Process monitoring with Fluke

- Fluke's precise and reliable process clamp meters and calibrators
- Signal measurements in the range 4 to 20 mA without breaking the loop
- Testing analog input/output on a console
- Resolution and sensitivity of 0.01 mA
- Measurement of mA signals for analogue inputs/outputs on the PLC and control system

FLUKE		
287-642	Fluke 771 process clamp meter	5 992 kr
669-3493	Fluke 773 process clamp meter	11 440 kr
447-7707	Fluke 789 multi-function calibrator	13 978 kr
325-4777	Fluke 705 loop calibrator	7 285 kr

Electrical distribution system MISTRAL65

- Complete and versatile electrical distribution system for industrial, commercial or private applications
- They consistently meet the high degree of protection IP65 and are tested in accordance with IEC 60670-1 / -24
- Door opening angle 180°

ABB

811-1892	1-row	333, 64 kr
811-1868	2-row	570, 34 kr
811-1870	3-row	848, 35 kr
811-1874	4-row	1 238, 61 kr

Wall boxes

- High-impact resistant IP65 plastic housing
- Lockable
- 200° door opening angle
- Light grey RAL 7035

RS PRO

746-7393	280 × 210 × 130 mm	881, 90 kr
746-7396	400 × 300 × 165 mm	1 331, 75 kr
746-7390	400 × 300 × 195 mm	1 387, 60 kr
746-7400	500 × 400 × 175 mm	1 781, 17 kr
746-7403	600 × 400 × 200 mm	1 968, 09 kr

Wiring ducts

- PVC slotted panel trunking
- Construction with closed slots, slot width 8 mm
- Delivery of 8 pieces each with a length of 2 m

RS PRO

301-2084	25 × 30 mm	595, 86 kr
301-2090	25 × 60 mm	855, 69 kr
301-2107	40 × 40 mm	813, 29 kr
301-2113	40 × 60 mm	1 084, 53 kr
301-2129	50 × 50 mm	1 011, 69 kr
301-2135	60 × 60 mm	1 095, 95 kr

Top-hat DIN rail

- Slotted steel DIN rails, in pre-cut lengths
- TS35 7.5 mm x 35 mm
- More versions available on RS Online

RS PRO

467-416	1 metre	214, 01 kr
742-4138	2 metres	284, 35 kr

Mini circuit breaker type B

- Single-pole Sentron circuit breakers
- With quick-release terminal 230 / 400V 6kA
- Tripping characteristic class: B
- Depth 70 mm
- Screwless output terminals

SIEMENS

521-4737	5SJ6110-6KS, 10 A	129, 37 kr
521-4866	5SJ6113-6KS, 13 A	129, 37 kr
521-4759	5SJ6116-6KS, 16 A	91, 86 kr
521-4664	5SJ6120-6KS, 20 A	134, 81 kr

Mini circuit breaker type C

- Single-pole Sentron circuit breakers
- With quick-release terminal 230 / 400V 6kA
- Tripping characteristic class: C
- Depth 70 mm
- Screwless output terminals

SIEMENS

521-4800	5SJ6110-7KS, 10 A	245, 69 kr
521-4816	5SJ6113-7KS, 13 A	245, 69 kr
521-4822	5SJ6116-7KS, 16 A	231, 56 kr

Circuit breaker, 5SV3 series

- Residual current protective devices are available in several types and designs
- Instant tripping, surge current withstand capability >1kA
- Mainly used for single-phase loads with electrical components in the power supply unit

SIEMENS

124-7726	5SV3311-6, 2-pole 16 A / 30 mA	1 337, 18 kr
124-7727	5SV3312-6, 2-pole 25 A / 30 mA	1 145, 66 kr
124-7737	5SV3612-6, 2-pole 25 A / 300 mA	1 044, 74 kr
124-7738	5SV3614-6, 2-pole 40 A / 300 mA	1 130, 63 kr
124-7733	5SV3344-6, 4-pole 40 A / 30 mA	736, 94 kr
124-7741	5SV3644-6, 4-pole 40 A / 300 mA	1 108, 88 kr
124-7743	5SV3646-6, 4-pole 63 A / 300 mA	1 685, 07 kr

DIN rail terminals

- For connecting cables of the same potential
- Use in junction boxes and switch panels
- Each terminal is connected internally
- Nominal current according to cable cross-section: 6 mm (16 A), 16 mm (100 A), 35 mm (170 A)

388-2833	10×6 mm ² & 2×16 mm ² & mount	885, 80 kr
388-2855	10×6 mm ² & 2×16 mm	503, 69 kr
388-2861	10×6 mm ² & 1×35 mm	710, 77 kr

Fire protection switch, 5SV6 series

- Third generation of products for preventive fire protection
- For installation in new buildings and for retrofitting in existing buildings
- With an integrated miniature circuit-breaker in just one modular unit - saves 50 percent space
- Siemens-patented SIARC technology

SIEMENS

187-5262	5SV6016-7KK10, 2-pole, 10 A	1 924, 24 kr
187-5263	5SV6016-7KK13, 2-pole, 13 A	1 924, 24 kr
187-5251	5SV6016-7KK20, 2-pole, 20 A	1 582, 88 kr
187-5249	5SV6016-7KK25, 2-pole, 25 A	2 152, 54 kr
187-5250	5SV6016-7KK32, 2-pole, 32 A	2 152, 54 kr

DIN rail socket

- Pin connector pattern type CF
- With screw connection for extended touch proofness/shutter
- Nominal voltage 250 VAC, nominal current 16A
- Double socket with light indicator

207-3024	Single socket 16 A green, VPE x 5 each	495, 07 kr
201-3848	Single socket 16 A grey, VPE x 5 each	471, 82 kr
201-3754	Double socket 16 A green, VPE x 2 each	679, 46 kr
201-3947	Double socket 16 A grey, VPE x 2 each	679, 46 kr

Energy meter

- Electromechanical and digital power meters
- With pulse output
- Ideal for recording extensions

178-5370	Features 7 programmable functions	322,23 kr
-----------------	-----------------------------------	------------------

Hazard warning sign

- Warning of electrical voltage
- Vinyl material for increased robustness
- Self-adhesive
- Doesn't fade over time

776-0948	1 roll with 250 items, 25 × 25 mm	148, 29 kr
776-0967	1 bag with 250 items, 50 × 50 mm	312, 88 kr
776-0945	1 item, 150 × 150 mm	41, 20 kr

Air quality meters

- High-precision devices for air and climate measurements
- Smart Probes air conditioning set for ventilation systems, with smartphone operation
- For measuring air quality, CO₂ concentration, humidity, air temperature and atmospheric pressure
- Simple parameterisation for measuring the volume flow

161-2897	Testo 160 IAQ Wi-Fi data logger	5 653, 13 kr
176-5580	Testo 440dP ComboKit 1, with impeller + temperature sensor	14 839, 46 kr
176-5581	Testo 440dP ComboKit 2, flow measurement with Bluetooth	15 926, 60 kr
176-5575	Testo 440 Kit CO ₂ Climate measuring device with Bluetooth	7 664, 34 kr

Temperature data logger

- For seamless data monitoring in compliance with GxP, 21 CFR Part 11, HACCP and EN 12830
- All in one logger: PDF measurement data, configuration file, calibration certificate and operating instructions
- Immediate creation of a PDF report directly after connection to the computer
- Automated door contact and temperature monitoring with connectable sensors (optional)

851-3469	Testo 184 T3 temperature data logger	1 130, 63 kr
851-3450	Testo 184 T2 temperature data logger	554, 44 kr
145-0234	Testo Saveris 2-T2 Wi-Fi data logger	1 761, 17 kr

Infra-red thermometer

- Temperature measuring device for fast, non-contact measurement of surface temperature
- Simple temperature measurement even in dynamic processes or in hard-to-reach places
- Reliable temperature measurement with inexpensive technology

764-4395	Testo 830-T2 infra-red thermometer 12:1, up to +400°C	891, 45 kr
764-4408	Testo 830-T4 infra-red thermometer 30:1, up to +400°C	1 348, 05 kr
292-307	Testo 810 infra-red thermometer 6:1, up to +300°C	804, 48 kr
777-0453	Testo 104 infra-red thermometer 10:1, up to +250°C	1 250, 21 kr

Light meter

- Luminosity meter for checking the ambient light, in pocket size
- Innovative measuring technology, measuring range 0 → 99,999 lux
- Min / Max memory function
- Supplied with carrying strap, belt holder, protective cap, batteries and operating instructions

292-363	Testo 540 Luxmeter, 99,999 lux	1 326, 31 kr
----------------	--------------------------------	---------------------

RS PRO air quality meters

- Various air quality measuring devices from RS PRO
- State-of-the-art technology for measuring and monitoring suspended particles, temperature and humidity
- Large display for easy-to-read information, depending on the device with internal memory
- Ideal for monitoring air quality

106-5304	IM-502 climate gauge	2 703, 50 kr
174-9558	RS-5322 climate gauge	3 050, 62 kr
174-6575	RS-9680 particle meter	1 846, 62 kr

Voltage indicator

- Current-voltage indicator for both AC and DC voltage
- For almost all daily electrical measurement tasks without having to switch over
- Voltage indicator with all-round display
- Thanks to unique lighting technology, the measured values are clearly visible from every position

905-5876	Current-voltage indicator Testo 755-2	1 772, 04 kr
905-5866	Testo 750-1 - voltage tester	478, 34 kr
905-5879	Testo 750-3 - voltage tester	1 032, 78 kr

Smart UPS Power Supplies

- Intelligent and efficient uninterruptible power supply protection in the network with scalable runtime
- Ideal for servers, POS systems, medical and network equipment
- This UPS includes documentation CD, installation guide, rack mounting brackets, USB cable

201-0845	SMC1000I-2UC	7 599, 11 kr
201-0846	SMC1500I-2UC	9 664, 67 kr
201-0844	SMC1500IC	7 490, 39 kr

SITOP DC-USP Power Supplies

- Protection against power failures lasting from seconds up to a duration of several hours
- Uninterruptible power supplies with capacitors or batteries
- Versions with or without a USB interface

499-9601	DC-USP module 24 V/40 A	3 891, 96 kr
473-1045	DC-USP module 24 V/6 A	1 772, 04 kr
741-8726	UPS500S basic device 2.5 kW	3 598, 98 kr

QUINT USP Power Supplies

- UPS solutions for every need and every application: Use in industry, building automation or engineering as well as supplying AC and DC loads
- Space saving: plug-and-play solution integrates power supply or energy storage
- Flexible thanks to the modular system: For load currents up to 40 A and buffer times of up to several hours
- Full use of the energy content: Processes and applications will continue to be supplied for as long as possible

505-5421	Buffer module - QUINT BUFFER/24 DC/20	2 892, 20 kr
739-7878	QUINT UPS/24 DC/24 DC/40	4 549, 51 kr
665-7918	QUINT-DC-UPS/24 DC/20	3 193, 59 kr
665-7851	MINI-DC-UPS/12 DC/4	2 250, 43 kr

Battery pack for use with UPS

- Hot-swappable batteries
- Developed exclusively for the APC UPS systems and fully compatible with the intelligent battery management system
- Ensures an uninterrupted power supply to protect the systems during a battery change

689-9049	APC replacement battery no. 43	5 207, 40 kr
689-9064	APC replacement battery no. 7	3 043, 88 kr
689-9058	APC replacement battery no. 48	1 521, 89 kr
779-4058	APC replacement battery no. 2	652, 18 kr

Lead batteries

- NP series batteries set the standard for quality and excellence in the field of batteries
- Almost maintenance-free with a perfectly sealed construction and the recombination of gases within the cell
- VRLA batteries of the RE series with low self-discharge rates can be stored for long periods without permanent loss of capacity
- Latest oxygen recombination technology and a safe low pressure ventilation system

597-835	NP lead battery 12 V / 7 Ah	292, 66 kr
597-841	NP lead battery 12 V / 12 Ah	633, 26 kr
707-4966	NP lead battery 12 V / 8.5 Ah	510, 41 kr
613-0854	RE lead battery 12 V / 7.3 Ah	572, 92 kr

Lead batteries

- For use in a number of industries as well as general applications
- Ideal for an uninterruptible power supply and emergency systems
- Long lifetime

537-5488	Lead battery 12 V / 7 Ah	229, 17 kr
686-7253	Lead battery 12 V / 5 Ah	199, 49 kr
537-7305	Lead battery 12 V / 12 Ah	453, 12 kr

ESD wrist straps

- Wrist straps in accordance with EN 61340-5-1
- Reliable method of static derivation
- Adjustable wrist strap for all sizes
- 1 MOhm safety resistance
- Coiled cables in different lengths and connections

287-7385 Wrist strap & cord set 1,8m

239, 61 kr

287-7379 Wrist strap & cord set 1.8 m with cable banana plug with clamp

237, 43 kr

392-163 Wrist strap

70, 37 kr

287-7414 Wrist strap & cord set 1.8 m banana plug with clamp

228, 48 kr

ESD cord

- Resistance 1 MOhm
- Different lengths available
- Versions with push button 10 mm on banana socket / ring eyelet or push button
- According to EN 61340-5-1

273-6717 Coiled cord with 2 × push buttons 1.8 m

134, 78 kr

129-4874 Cord with 2 × push buttons 2 m

156, 56 kr

798-9335 Cord with ring eyelet and snap fastener 450 cm

188, 31 kr

273-6701 Coiled cord with push button + banana plug / croc 1.8 m

141, 39 kr

ESD grounding accessories

- Grounding boxes and modules as well as cords for the workplace
- For the protection of electronic components in accordance with EN 61340-5-1
- With 1 MOhm safety resistors

392-141 Rack bonding kit

81, 39 kr

287-7559 Grounding plug, 1MΩ

787-2102 Workplace mat 3.0 × 600 × 1,200 mm, blue

642, 43 kr

ESD bins

- Antistatic enclosures with a low level of charge reduce the likelihood of damage to statically sensitive parts
- Flexible solution for your storage needs
- Custom-made with antistatic, conductive carbon particles / fibres

550-331	Storage bin 130 × 150 × 240 mm, PU x 5	500, 77 kr
550-870	Box 19 × 77 × 55 mm, VPE x 5	173, 92 kr
550-325	Storage bin 75 × 165 × 100 mm, PU x 5	232, 24 kr
121-8487	Storage bin 182 × 350 × 205 mm, PU x 10	2 791, 12 kr

ESD pouches & bags

- A range of anti-static bags designed to protect sensitive equipment from ESD damage
- Suitable for packing, storing and transporting your ESD-sensitive items
- Heat and pressure lock versions are available

287-7931	ESD pouch, pink, 305 mm x 406 mm, x 100	271, 38 kr
287-7925	ESD pouch, pink, 254 mm x 356 mm, x 100	222, 78 kr
356-2359	ESD pouch, pink, 130 mm x 185 mm, x 50	352, 90 kr
182-8843	ESD pouch, silver, 305 mm x 254 mm, x 100	467, 21 kr

ESD sets for mobile use

- Antistatic, robust field service kits in accordance with EN 61340-5-1 For working in electrostatically protected areas

681-1231	Mat 590 × 550 mm + accessories	1 316, 61 kr
681-1235	Mat 380 × 510 mm + accessories	1 022, 41 kr
787-2111	Mat 1,200 × 2,400 mm + accessories	4 447, 87 kr
145-2123	Mat 600 × 600 mm + accessories	820, 63 kr

Clean room & ESD supplies

- For applications that require exceptional absorbency and superior strength
- Extremely low in lint
- Good absorbency
- Abrasion-resistant

829-5120	100 × clean room wipes, class ISO4-ISO6	260, 37 kr
829-5149	200 × clean room wipes, class ISO4-ISO6	298, 86 kr
829-5136	100 × clean room wipes, class ISO6-ISO7	128, 04 kr

ESD vacuum cleaner

- ESD Safe vacuum
- Fully self-contained unit for highly efficient cleaning
- Removing toner and dust and cleaning data processing equipment

103-4052	Vacuum 497ABG-NO	5 238, 56 kr
103-4053	Filter	257, 91 kr

Ioniser with fan

- Flow capacity: L (460 l/min)
- Output: P (PNP output)
- Rapid elimination of static electricity: 1.3 seconds
- Ion equilibrium: ±13 V

126-0264	Ioniser, fan version IZF10-LP	4 979, 32 kr
-----------------	-------------------------------	---------------------

Smoke and heat detectors

- Proven measurement technologies together with modern materials and innovative electronics technology
- Series 65 smoke detectors can be integrated into alarm systems when used with a relay socket
- Large operating voltage range of 9-33 V DC
- Large temperature range from -20°C to +60°C for operation and storage

240-0553	Optical smoke detector and smoke alarm systems, series 65	792, 74 kr
240-0581	Heat detector, series 65	400, 50 kr
240-0597	Diode base	127, 63 kr

Heat detectors tester

- Safe heat detector testing and maintenance devices in accordance with international standards
- Inexpensive, portable, and versatile

146-6804	Test device for heat detectors	8 828, 34 kr
-----------------	--------------------------------	---------------------

Fire blankets

- Fibreglass fire blanket in accordance with EN 1869: 1997
- Kitemark certification
- Supplied in a red, hard plastic container for easy wall mounting
- For light industrial applications

523-156	Blanket 100 × 100 cm	304, 29 kr
523-146	Blanket 120 × 120 cm	365, 17 kr
523-178	Blanket 180 × 120 cm	517, 04 kr

Fire Door closer

- Compact design
- Adjustable closing speed
- In accordance with EN1154: 1196 + A1: 2002

734-8823	Economy fire door closer 65 kg	411, 05 kr
734-8832	Fire door closer 65 kg, suitable	708, 27 kr
734-8839	Fire door closer 100 kg	1 139, 19 kr

LED emergency lights

- Robust and secure lights
- Ideal for commercial, industrial and retail applications
- Durable and very resistant to weather and damage

795-9381	2 × 7.5 W 470 lm, 272 × 296 × 75 mm, IP65	942, 06 kr
795-9378	3 W 120 lm, 117 × 350 × 76 mm, IP65	334, 11 kr
795-9735	6 W 200 lm, 117 × 352 × 76 mm, IP65	444, 92 kr
795-9748	3 W, 60 × 390 × 190 mm, IP20	540, 95 kr

First-aid box

- First-aid equipment, based on the needs of the user
- Suitable equipment for every specific occupation
- Quality products recognised nationally and internationally
- Well proven when used to rescue and care for injured people

SOHNGEN®

309-0422 First aid kit SN-CD, orange

309-0393 First aid kit MT-CD, orange

Hand cleanser

- Powerful and versatile cleanser
- Effectively removes a wide variety of difficult-to-remove contaminants

742-3040 Hand soap dispenser, citrus scent, 2 l **262, 22 kr**

914-8287 Hand cleanser, 250 ml tube **50, 23 kr**

460-9106 Hand cleanser with mount, citrus scent, 750 ml **182, 75 kr**

Disinfection station

- Robust, foot-operated, no touching with the hand
- Quick and easy to set up

201-7831 Station 312 mm x 1,213 mm x 306 mm **1 515, 44 kr**

Contactless door opener

- To minimise surface contact on door handles, lift buttons, bags and much more.
- Small and compact enough to stay in your pocket - ideal for on the go
- High strength, ergonomic and easy to disinfect

201-7025 Door opener **112, 63 kr**

Protective screens

- Screens designed for cleaner and safer environments for food and people
- Free-standing, easy to clean
- Robust, 5 mm thick acrylic plate

201-8165 Protective wall, 700 × 600 mm **944, 27 kr**

201-8166 Protective wall, 1,400 × 600 mm **2 036, 21 kr**

Distancing Assistant

- The device emits a brief audible or vibrating warning signal when another wearer approaches within 2 metre (or your preferred distance)
- Can be used indoors and outdoors
- Configurable distance setting

205-1266 Distancing Assistant, VPE x 5 **3 887, 35 kr**

Barrier tapes

- Safety barriers for use in dangerous areas and for queue organisation
- For fixed or mobile assembly
- Range includes chains, posts, barrier tapes, robust and flexible bollards and extendable barriers

829-9069	Wall unit with yellow / black tape 4.6 m	951, 79 kr
829-9075	Wall unit with yellow tape 4.6 m	1 316, 31 kr

201-2187	Joker 6003 ratcheting combination spanner 11-piece set	1 666, 80 kr

Wera hex keys

- L-key sets for hexagon socket screws
- Larger contact surface for 20% more torque transmission
- Long arm with ball head end for areas that are difficult to access
- 950/9 Hex-Plus - 1.5 to 10 mm, frame chrome-plated
- 950/9 Hex-Plus Multicolour - 1.5 to 8 mm, with colour-coded plastic sleeves
- 3950/9 Hex-Plus Stainless - 1.5 to 10 mm, made of stainless steel

185-895	950/9 Hex-Plus, 9-piece set	270, 72 kr
875-7965	950/9 Hex-Plus Multicolour, 9-piece set	351, 32 kr
638-8312	3950/9 Hex-Plus Stainless, 9-piece set	375, 82 kr

VDE tool kit

- VDE pliers and screwdriver with voltage indicator in one set
- Tested for work up to 1,000 Vac / 1,500 Vdc
- Two-component handles with soft area
- Pliers and side cutters are chrome-plated
- Side cutter suitable for soft and hard wires
- Supplied in a vinyl case for safe storage

125-3097 VDE tool kit, 9-piece

926, 90 kr

136-3412 Mechanics tool kit, 82-piece

RS PRO mechanics tool kit

- 82-piece tool set, specially equipped for repair and maintenance technicians
- Set contains a selection of screwdrivers, keys, pliers and other accessories
- The tools are robust and durable
- High-quality and complete tool kit at an affordable price

4 535, 66 kr

Multi-purpose cabinet keys

- Multi-purpose cabinet keys are for use in maintenance and service applications
- Cover all common switch cabinet interlocks
- Additional elements: Adapter - hexagon to inch square box spanner as well as slotted blade 7 mm and POZIDRIV® - screw bit

YY control cables, unscreened

- Unscreened YY control cables in PVC sheath, grey
- Suitable for internal dry or moist conditions Resistant to acids, caustics and certain oils
- VDE-tested, corresponds to ECD 73/23 / EEC
- Delivered on rolls of 50 m each

NYM-J power cable

- For installations in buildings, in dry, damp or wet areas
- Highly flexible PVC outer sheath of the cable enables easy installation
- Mechanically robust and resistant to most chemicals
- PVC sheathing and insulation of the cable according to IEC 60332-1, flame retardant

NYJ-J installation power cable

- NYJ-J underground installation cable from Lapp
- With robust, flame-retardant PVC jacket
- Temperature range for use: -40°C to +70°C
- Delivered on rolls of 50 m each

Silicone mains power cable

- Silicone-insulated high-temperature mains power cable
- Temperature range for use from -40 to + 180°
- Good resistance to oil and solvents
- Robust and resistant to moisture and high UV radiation
- Delivered on rolls of 25 m each

H05VV-F electrical wiring cable

- Reliable cables from our tried and tested own brand RS PRO
- Perfect for use in environments with temperatures down to -25°C
- Suitable for indoor and outdoor installations
- For flexible wiring solutions in a wide variety of applications
- Delivery on rolls of 100 m

LAPP UNITRONIC 6722 bus cable

- UNITRONIC® BUS HEAT 6722, CAN bus data cable
- Halogen-free PUR sheathed and copper braid shielded
- Excellent weather resistance, as well as against chemicals and UV radiation
- Flame retardant in accordance with IEC 60332-1-2

EcoWire hookup wire

- Alpha's EcoWire is the latest in hook-up wires
- Increased performance with minimal environmental impact thanks to full recyclability
- Up to 45% smaller in diameter than PVC
- Up to 40% lighter than other insulation materials
- Excellent dielectric strength

Crimp bootlace ferrule set

- Crimp connector assortment with colour coding DIN 46228
- Contains 400 crimp bootlace ferrules for cable Ø 0.5- 2.5 mm²
- election of crimp bootlace in a compact plastic box
- Plastic-insulated with German coding
- Box with marked subdivisions, sorted by size

513-2562 Crimp connector assortment, colour coded **284, 29 kr**

Knipex crimping pliers

- Crimping tools for reliability and durability
- For crimp bootlace ferrules from 0.14 mm² to 16 mm²
- Strong leverage for optimised work
- High-quality special steel versions

136-7493	97 78 180 T crimping pliers for crimp bootlace ferrules from 23 - 5 AWG	457, 12 kr

410-7335	3-pedal EMERGENCY STOP foot switch, 3S+3Ö momentary	4 396, 68 kr

Bernstein emergency stop foot switch

- Three-stage enabling switch OFF-ON-OFF
- One-pedal foot switch with 2-NO + 1-NC contact
- With two working contacts and one signalling contact
- Actuation of the working contacts via positive opening
- The working contacts remain open in the return stroke

136-3184	1-Pedal emergency stop foot switch, 2NO/NC	2 487, 94 kr
136-3185	1-Pedal emergency stop foot switch, 2NO/NC	3 177, 68 kr
136-3186	1-Pedal emergency stop foot switch with cover, 2NO/NC 6061500569	2 901, 37 kr

ABB foot switch

- One-pedal EMERGENCY STOP foot switch series IPS from ABB
- Thermoplastic fibreglass housing, yellow
- Snap-action switch with cover, visible release
- Electrically separated contacts
- IP65 degree of protection

825-1720	1-pedal EMERGENCY STOP foot switch, 1 NO+1 NC tactile	738, 61 kr
-----------------	---	-------------------

SIRIUS 3SE2 two-pedal foot switch

- Safety foot switch in a metal housing
- Two-pedal design, for rough applications
- Mounting holes for fixing to the floor
- Degree of protection IP65

764-4082	2-pedal foot switch 1 NO+1 NC, 3SE2932-0AB20	2 554, 78 kr
764-4086	2-pedal foot switch 2 NO+2 NC, 3SE2932-1AB20	2 391, 71 kr

SIRIUS 3SE2 one-pedal foot switch

- Safety foot switch with protective cover
- Single pedal, with locking function
- Cable guide M20 × 1.5 mm
- Degree of protection IP65

764-4102	1-pedal foot switch 1 NO+1 NC	2 228, 64 kr
764-4105	1-pedal foot switch 2 NO+2 NC	2 119, 92 kr

ABB Safeball two-hand control switch

- Two-hand control system series JSTD25 from ABB
- Paired arrangement of two JSTD1 Safeballs to form a two-hand device
- Can be used on the table or mounted on aluminium profiles
- Meets safety category 4, protection class IP65

ABB

733-2348 JSTD25F two-hand station, 2 Safeballs

3 092, 30 kr

Preventa two-hand control panel

- Control of potentially dangerous machines
- Direct assembly on the machine housing
- Two pushbuttons with spring return for the control and an EMERGENCY STOP push button
- Ø 22 openings provided, for the assembly of Harmony signalling devices type XB4
- Protection class IP65

Elektronische Systeme
Sensors

611-1392 XY2SB71 Preventa two-hand control station **4 705, 84 kr**

Control switch

- Extremely robust, ambidextrous control station for control devices from Siemens
- Easy installation, without special tools
- Connection to the most common communication systems: PROFINET, AS-Interface, IO-Link
- IP69K, suitable for use in extreme environments
- Standards: IEC EN 60947-1, IEC EN 60947-5-1

SIEMENS

874-2342 SIRIUS ACT Push button control station **7 283, 84 kr**

Allen Bradley touch button

- Allen Bradley 800Z zero force touch button
- Switching with patented field effect technology
- Contact arrangement: one normally open contact and one normally closed contact, tactile
- Suitable for one- or two-hand operation
- Ergonomic design, suitable for Ø 22 mm hole

Allen-Bradley

366-8980 Zero-Force 800Z touch button 1 NO+1 NC, 40 Vdc

267, 20 kr

366-9028 Zero-Force 800Z touch button 1 NO+1 NC, 240 Vdc

Schneider Electric safety relay

- Two-channel safety relay from the Preventa XPSUS series by Schneider Electric
- For monitoring potentially dangerous processes
- Both push buttons must be pressed synchronously for activation
- When one of the two push buttons is released, the control sequence is automatically cancelled

Schneider Electric

200-6140 Schneider Electric safety relay, 24 Vdc

2 478, 63 kr

PILZ safety relay

- Two-channel safety relay from PILZ, for setting up inexpensive and reliable feedback monitoring loops
- Particularly suitable for monitoring external relays and contactors
- Specially designed for two-handed controls and control panels
- LED signal display for supply voltage and channel status

PILZ
THE SPIRIT OF SAFETY

239-1083 PILZ P2HZ X1 safety relay, 24 Vdc

4 962, 32 kr

Limit switch

- Safety switch with plunger actuator
- 1 closer / 1 opener
- Robust fibreglass-reinforced plastic body
- IP67, 15 A
- Electrical life 500,000

3SE5 limit switch

- Compact designs, modular structure and simple device connection
- For time savings and greater flexibility when installing different switch variants
- The 3SE5 switches are available in 5 different housing sizes with 2 or 3 switching elements

Safety limit switch XCSM

- Prevents security detection
- Coded magnetic safety switches and systems
- 1 to 2 cable entries depending on the design
- Versions with up to 4 contacts

179-7568 Safety switch with plunger actuator, NO/NC **226, 02 kr**
179-7566 Limit switch roller arm lever actuator, NO/NC **247, 54 kr**

768-6434 Metal housing 31 mm, 1 NO+2 NC **404, 42 kr**

766-1700 Roller tappet, linear actuation **778, 66 kr**
766-1719 Metal dome tappet, linear actuation **716, 84 kr**

440P safety limit switch

- Metal or plastic housings in various sizes
- Choice of snap-action, slow-action contact with 2 or 3 contact configurations
- Actuator heads in different versions

Miniature limit switch type C2

- Smallest switch for security applications
- Two-channel safety monitoring possible
- With captive snap-in cover
- Small hysteresis in the jump system

Ex limit switch with safety function

- Ex zone 1 and 21 Plastic case
- Cold-resistant down to -60°C
- High protection class IP 66 / IP 67 / IP 69
- Construction according to EN 50048

151-2536 Short lever actuator, 1 NO+1 NC **267, 20 kr**
151-2537 Adjustment lever actuator, 1 NO+1 NC **486, 28 kr**

- Used with an enable switch XY2 AU to monitor enable switches
- Allows adjustment, programming or maintenance work in the vicinity of hazardous areas on machines

Schneider
Electric

125-1104 Safety module enable switch monitoring, 24V dc removable

30 175, 20 kr

RFID safety switch

- Non-contact, family-coded RFID safety switches
- With 8-pin M12 connector
- Dimensions 25 × 106 mm
- Delivery condition: ready for operation

SIEMENS

- 755-5706** RFID safety switch **2 152, 54 kr**
- 755-5712** RFID safety switch with magnetic latching **3 120, 09 kr**

Preventa magnetic safety switch

- Preventa XCSDMP series from Telemecanique Sensors
 - Coded magnetic safety switches, stepped switching
 - In a rectangular thermoplastic housing, 88 × 25 × 13 mm
 - Various assembly, connection and contact configurations available
- All properties and data sheets can be found on RS Online

- 195-1904** XCSDMP Preventa magnetic safety switch, 1 NO+1 NC **964, 50 kr**
- 195-1909** XCSDMP Preventa magnetic safety switch, 2 NC **833, 49 kr**

Bernstein RFID safety switch

- Bernstein SRF series RFID safety switches
- With contactless safety sensor
- Safe up to PL e even when connected in series
- Innovative diagnostic system makes the RFID device suitable for Industry 4.0
- Coding types high / low / unic with over 1,000 codes
- Cost-saving thanks to 4-pin M12 connections with a 250 mm cable from sensor to sensor

- 179-0483** SRF-2 RFID safety switch, 24 V / 100 mA **765, 19 kr**
- 179-0484** SRF-0 actuator for RFID safety switcher **127, 53 kr**

PSEnmag magnetic safety switch

- Contactless magnetic safety switches, series PSEnmag from PILZ
- Flexible cable outlet with connector
- Working distance of 3 mm or 10 mm
- Additional signal contact and LED
- Suitable for use in heavily contaminated applications

- 619-2818** PSEnmag magnetic safety switch, 2 NO **600, 74 kr**
- 824-4918** PSEnmag magnetic safety switch, 1 NO+ 1 NC **585, 59 kr**

Sick RFID safety switch

- Transponder safety switch series STR1, with monitored semiconductor outputs
- Can be safely connected individually or in series
- High protection against tampering, available with three codes
- Various actuators available on RS Online

- 146-6206** STR1 RFID safety switch, M12 plug / 5-pole **1 462 kr**
- 146-6207** STR1 RFID safety switch, M12 plug / 8-pole **1 548 kr**

Schmersal RFID safety switch

- Contactless safety switch RSS260 with RFID technology
- Developed for applications in safety circuits
- For monitoring the position of movable guards
- Compact design, high flexibility, excellent protection against manipulation

- 880-1820** RSS260 RFID safety switch, one-time coded **1 597, 64 kr**
- 880-1832** RSS260 RFID safety switch, codable **1 479, 05 kr**

Telemecanique solenoid interlock switch

- Safety limit switch XCSTE plastic with separate actuator and lock
- Reversible drive head, protection class IP 67, cable entry
- Auxiliary switch with positive opening without snap function
- Locking by de-energised state
- Unlocking by switching on the electromagnet
- Coil voltage 24 Vac / dc

136-3175	Magnetic solenoid interlock switch, 110/230 Vac	2 140, 41 kr
136-3177	Magnetic solenoid interlock switch 2 NC, 24 Vac/dc	2 139, 36 kr
136-3178	Magnetic solenoid interlock switch 2 NC, 110/230 Vac	2 140, 41 kr

Omron magnetic solenoid interlock switch

- D4SL series door switches for guard interlocking from Omron
- The world's smallest of this interlock switch class with guard locking
- Significantly reduced magnetic switch current
- Complies with the Machinery Directive, Low Voltage Directive, EMC Directive, EN 1088, EN 60204-1, GS-ET-19
- Reduced wiring time with one-touch mounting and removal

OMRON

862-1696	D4SL-N4AFA magnetic solenoid interlock switch, 24 Vdc	1 537 kr
862-1715	D4SL-N4AFG magnetic solenoid interlock switch, 24 Vdc	1 537 kr
862-1706	D4SL-N4CFA magnetic solenoid interlock switch, 24 Vdc	1 537 kr
862-1703	D4SL-N4CFG magnetic solenoid interlock switch, 24 Vdc	1 537 kr

Siemens grab wire switch

- Switch equipped with positive locking and break contacts
- Suitable for monitoring or for EMERGENCY STOP devices, in accordance with EN ISO 13850
- Switching capacity 400 Vac / 6 A
- For wire lengths up to 75 m
- Usable up to category 4, according to EN 954-1

SIEMENS

528-1052 3SE7150-1BD00 grab wire switch, 1 NO+1 NC / 6 A **2 467, 81 kr**

528-1030 3SE7150-1BF00 grab wire switch, 2 NC / 6 A **2 467, 81 kr**

XY2CH grab wire switch

- XY2CH EMERGENCY STOP grab pull switch from Telemecanique Sensors
- For machine tools, conveyor belts and handling applications Compliant with EN / IEC 60947-5-1, EN / IEC 60204-1 and EN / ISO 13850
- Product certification UL-NISD for emergency stop devices Available in various contact configurations on RS Online

195-1897 XY2CH grab wire switch, 1 NO+1 NC / 3 A **1 343, 06 kr**

195-1896 XY2CH grab wire switch, 1 NO+2 NC / 1.5 A **1 284, 44 kr**

LIFELINE 440E grab wire switch

- Guardmaster grab wire switches of the 440E series in various contact configurations
- Have a cable status display, for spans up to 75 m
- Positive mechanism ensures that the contacts are locked open immediately when actuated
- Can only be reset by deliberately pressing the blue reset button
- Protection against improper or thermal expansion triggering of the system

792-3115 LIFELINE 440E grab wire switch, 2 NO+2 NC / 4 A **1 565, 48 kr**

443-8077 LIFELINE 440E grab wire switch, 4O / 4 A **2 054, 69 kr**

Bernstein SR grab wire switch

- Grab wire switch with EMERGENCY STOP for a system length of up to 37 m or 75 m
- Switching function: 2 openers / 2 closers Switching capacity: 250 Vac / 10 A
- Integrated reset button
- Visualisation of the correct wire tension
- Complies with EN418 and IEC947-5-5

BERNSTEIN

136-3163 SR grab wire switch 37 m, 2 NO+2 NC / 10 A **1 647, 29 kr**

136-3164 SR grab wire switch, 75 m, 2 NO+2 NC / 10 A **2 104, 29 kr**

PILZ PSEN grab wire switch

- Manually operated grab wire switches PSEN series from PILZ
- Push button with two functions: EMERGENCY STOP and tension release
- For the safe shutdown of conveyor belts and processes in an emergency or in the event of a system malfunction
- The EMERGENCY STOP function can be triggered anywhere along the wire
- Suitable for indoor and outdoor use

744-8718 PSEN grab wire switch, 1 NO+1 NC / 3 A **1 567, 55 kr**

744-8711 PSEN grab wire switch, 2 NO+2 NC / 3 A **1 705, 68 kr**

Omron ER grab wire switch

- Grab wire switches with and without EMERGENCY STOP function, ER series from Omron
- In a robust, long-lasting design, for the most demanding areas of application
- With wire lengths of up to 80 m, large areas can be covered without having to install numerous EMERGENCY STOP switches
- In IP67 housing, NEMA 6

OMRON

757-9118 ER grab wire switch with EMERGENCY OFF, 1 NO+2 NC / 3 A **2 992 kr**

757-9115 ER grab wire switch without EMERGENCY OFF, 1 NO+2 NC / 3 A **2 032, 95 kr**

SIRIUS hinge switch

- SIRIUS 3SE5 series hinge switch in a 40 mm metal housing
- With hollow or solid shaft
- Snap-action contacts 2 NC / 1 NO integrated
- For monitoring doors and flaps with hinges

SIEMENS

691-8196	Metal hinge switch hollow shaft, 1 NO+2 NC / 6 A	492, 58 kr
691-8190	Metal hinge switch solid shaft, 1 NO+2 NC / 6 A	570, 31 kr

Preventa XCS hinge switch

- Preventa XCS XCSPR safety hinge switch from Telemecanique
- Two outputs, release angle offset by 5°
- Slowly separating safety contacts with positive opening
- Ideal for turn or slide protection covers with a small radius of action
- IP67 protected against ingress of liquids

360-4380	Preventa XCS hinge switch, 2 NC / 6 A	496, 51 kr
360-4396	Preventa XCS hinge switch, 1 NO+1 NC / 6 A	479, 56 kr

TESK hinge switch

- TESK hinge switch from Schmersal, with M12 connector connection
- Safety switch for guards with hinges
- Metal housing, with adjustable switching angle
- Version SU-12ST1 with connection below
- Version SU-12ST2 with connection on top

146-5871	TESK 12ST1 hinge switch, 1 NO+2 NC / 2 A	1 170, 58 kr
146-5872	TESK 12ST2 hinge switch, 1 NO+2 NC / 2 A	1 170, 58 kr

SHS3 hinge switch

- Hinge switch, SHS3 series from Bernstein
- Mounting position on the right, swivel angle 0° to 270°
- Switching point freely adjustable via fine adjustment system
- Further variants on RS Online, cable or plug connection, axial and radial

136-3179	SHS3 hinge switch, 1 NO+1 NC / 4 A	1 946, 99 kr
136-3180	SHS3 hinge switch, 1 NO+2 NC / 5 A	2 298, 76 kr

Ensign 3 hinge switch

- Allen-Bradley compact hinge switch, Ensign 3
- With two safety contacts, switching when the guard is turned 3°
- Rotatable head systems with four shaft positions
- Forcibly actuated contacts, according to EN 1088, IEC 947-5-1
- For use with Guardlink technology from Guardmaster

873-2193	Ensign 3 440H hinge switch, 3O / 6 A	365, 87 kr
873-2196	Ensign 3 440H hinge switch, 1 NO+2 NC / 6 A	365, 87 kr

PSEN hinge switch

- PSEN hinge switch from PILZ, for mounting on the right or left
- Together with PILZ control systems, it is suitable for applications with high safety requirements
- Switching point adjustable from 0° to 270°, integrated precision setting system
- Tamper-proof as it is integrated directly into the fuse
- Connection via M12 plug connector, 4-pin

744-8698	PSEN hinge switch left, 2 NC / 4 A	1 515, 49 kr
744-8692	PSEN hinge switch right, 2 NC / 4 A	1 515, 49 kr

PREVENTA XUSL2E light curtain

- PREVENTA XUSL safety light curtains, type 2
- Protect operating personnel from injury - hazardous movement when entering the protective field is stopped
- Manual or automatic start-up mode, monitoring of external contactors
- One of the most compact products on the market, with all the important functions

127-8312	XUSL2E30H016N light curtain T2, 30 × 160 mm	6 383, 13 kr
127-8308	XUSL2E30H181N light curtain T2, 30 × 1810 mm	24 827, 17 kr

PREVENTA XUSL4E light curtain

- PREVENTA XUSL safety light curtains, type 4
- Protect operating personnel from injury - hazardous movement when entering the protective field is stopped
- Manual or automatic start-up mode, monitoring of external contactors
- One of the most compact products on the market, with all the important functions

127-8315	XUSL4E14F016N light curtain T4, 30 × 160 mm	11 776, 44 kr
127-8316	XUSL4E30H181N light curtain T4, 30 × 1810 mm	32 197, 76 kr

ABB Orion1 light curtain

- Orion1 light beams from ABB, supplied with transmitter and receiver
- Equipped with finger or hand recognition to secure machines
- Each light barrier can monitor the actuating elements
- With rotation brackets and alignment aid with large setting angle
- M12 connector connection

920-9694	2TLA022 Orion1 light curtain, 16-beam 300 mm	9 249, 91 kr
920-9697	2TLA022 Orion1 light curtain T4, 32-beam 600 mm	12 831, 76 kr
920-9701	2TLA022 Orion1 light curtain T4, 64-beam 1,200 mm	19 094, 94 kr

Omron F3SG light curtain

- Safety light curtain F3SG-RE series from Omron
- Easy to use, ideal for simple ON / OFF detection applications
- Simple to mount, operate and maintain
- Display of QR code for online troubleshooting
- Easy wiring with only 4 wires
- Short response time of 5 ms

125-0683	F3SG-R light curtain T2, 20-beam, 430 mm	6 360 kr
125-0684	F3SG-R light curtain T2, 24-beam, 510 mm	6 950 kr
125-0685	F3SG-R light curtain T2, 28-beam, 590 mm	7 530 kr

SICK deTec4 safety light curtain

- deTec4 Core safety light curtain from Sick
- With an innovative mounting system
- Position in any location on the housing, thus no dead zones
- Integrated LED display, diagnostic functions and automatic distance measurement
- Housing protection class IP65 / IP67

136-3362	C4C light curtain 300 mm, transmitter R14 mm	6 196, 70 kr
136-3363	C4C light curtain 300 mm, receiver R14 mm	8 251, 39 kr

Schmersal SLC440 light curtain

- Light curtain, SLC440 series from Schmersal
- User-friendly parameter setting, integrated setup tool
- Process reliability with maximum availability, even in the event of a fault

146-5824	SLC440 light curtain transmitter, 24-beam 490 mm	7 283, 51 kr
146-5845	SLC440 light curtain receiver, 24-beam 490 mm	7 283, 51 kr

PILZ PSEN light curtain receiver

- PSEN safety light grids are non-contact, thanks to protective devices acting on an IR protective field
- For work areas in which machines, robots and automated systems could endanger people
- LED display for status information
- Resolution: 30 mm
- Conforms to DIN EN 61496-1 and DIN EN 61496-2

PILZ
THE SPIRIT OF SAFETY

191-9842 PILZ PSEN oplI4H light curtain, 300 mm **9 903, 99 kr**

191-9836 PILZ PSEN oplI3H light curtain, 600 mm **10 543, 09 kr**

GuardShield micro light curtains

- Type 4 safety light curtains, for small-scale systems with limited installation options
- More flexibility through connection to an MSR42 control unit
- Connection cable with M12 plug connector
- Complies with IEC61496 and UL61496, CE marking

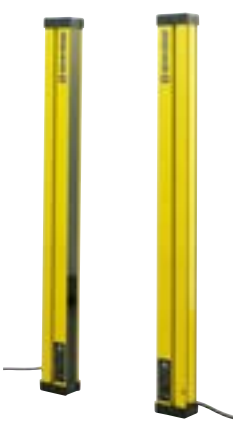

Allen-Bradley
GuardMaster

703-4968 GuardShield micro 400 light curtain, 300 mm **5 762, 21 kr**

703-4971 GuardShield micro 400 light curtain, 600 mm **10 766, 76 kr**

SMARTSCAN light curtains, 1000 Plus

- SMARTSCAN 1000 plus is a light curtain with 40 mm resolution
- Fail-safe electronic two-channel outputs
- Ongoing self-checking of the system, switches off the outputs if an error is detected
- Easy installation and alignment with diagnostic indicator

511-7080 SmartScan 1000 plus light curtain, 24-beam 640 mm **89 060, 10 kr**

511-7119 SmartScan 1000 plus light curtain, 60-beam 1,540 mm **15 017, 36 kr**

SICK V200 security camera

- Single-beam security camera system, with a range of up to 2.1 m
- Optics with IR light beam and reflector with a large opening angle, for seamless monitoring tasks, without blind spots
- Status and diagnosis display through LEDs
- Connection via 8-pin M12 connector
- Housing made of die-cast aluminium, robust and weatherproof

SICK

701-9225 Sick V200 WS security camera **10 744, 20 kr**

SICK security laser scanner

- Compact devices - combine know-how and experience with maximum performance
- Scan their surroundings according to the principle of time-of-flight measurement and measure distances
- Two-dimensional monitoring through the integrated rotating mirror
- Freely definable protection areas up to 3 m, distance measuring range 30 m
- Warning field range 8 m, with 15% remission

SICK

136-3388 Sick S300 Mini Standard S32B-3011BA **24 767, 94 kr**

136-3386 Sick S300 Advanced S30B-3011 NOA **31 594, 25 kr**

Omron laser scanners

- Compact security laser scanners in a flat housing, for installation in confined spaces
- 270° detection angle, for total coverage of two sides with just one laser scanner
- Up to 70 combinations and operating patterns can be set up for complex AGV applications
- With a safety zone and two warning zones, management via Ethernet

OMRON

862-5868 Omron OS32C-SP1 laser scanner **39 650 kr**

862-5865 Omron OS32C-BP laser scanner **39 650 kr**

SIRIUS 3SK1 safety relay, 24 V

- Single-channel safety relay from the standard series
- For quick, efficient and easy implementation of safety applications
Flexible, modular family of safety switching devices
- Safety category 4 in accordance with ISO 13849-1

SIEMENS

784-5819 3SK1121-2AB40, safety relay 24 Vdc

3 728, 89 kr

SIRIUS 3SK1 safety relay, 240 V

- Single-channel safety relay from the standard series
- For quick, efficient and easy implementation of safety applications
- Flexible, modular family of safety switching devices
- Safety category 4 in accordance with ISO 13849-1

SIEMENS

784-5784 3SK1111-1AW20, safety relay 240 Vac

2 935, 28 kr

784-5796 3SK1111-2AW20, safety relay 240 Vac

PREVENTA XPS safety relay

- PREVENTA XPS safety relay, 1 and 2 channel
- Safety relay modules from Schneider Electric's Preventa XPSUAB series. Developed for monitoring two-hand control stations
- For emergency stop switches, complementary contacts, circuit breakers and magnetic switches

Schneider Electric

200-6176 XPSUAB11CP, 1-channel safety relay, 24 V

981, 09 kr

200-6142 XPSUS32AC, 2-channel safety relay, 48 → 230 V

3 334, 21 kr

PREVENTA XPS safety relay

- PREVENTA XPS safety relay, 3 and 6 channel
- Schneider Electric's Preventa XPSUAT series of safety relay modules
- Provide protection for the user and machine by stopping dangerous movement immediately if a problem is detected within the safety circuit
- For use in monitoring applications with emergency stop circuits, mechanical circuit breakers, magnetic switches with complementary NC contacts

Schneider Electric

200-6135 XPSUAT13A3AP, 3-channel safety relay, 24 V

3 354, 97 kr

200-6137 XPSUDN13AP, 6-channel safety relay, 24 V

2 739, 06 kr

Eaton safety relays

- Eaton ESR5 series safety relays
- For monitoring the signals from safety devices
- Fast and reliable shutdown in an emergency
- In accordance with EN 954-1, EN ISO 13849-1

EATON

812-8957 ESR5-NO-21, 2-channel safety relay, 24 V

1 954, 12 kr

812-8960 ESR5-NO-31, 2-channel safety relay, 24 V

2 283, 13 kr

SNA-4043K safety relay

- SNA 4043K safety relay with LED display from Wieland Electric
- For all devices including elevators and heaters
- Also approved for use as security door surveillance
- EMERGENCY STOP category 0, in accordance with EN 60204-1
Up to category 4: EN 954-1 or SIL 3: EN 62061 and PL e: EN 13849-1

wieland

122-2497 SNA4043K-A safety relay, 24 Vac/dc

2 184, 93 kr

122-2493 SNA4043K-A safety relay, 230 Vac

2 370, 94 kr

PNOZ-X3 EMERGENCY STOP switchgear

- Safety relays from the PNOZ X3 series from PILZ
- For use in potentially dangerous environments
- LED channel status indicators for monitoring the supply voltage
- Semiconductor output signals: Switching status channel 1/2
- Three safety contacts, 1 auxiliary contact

PILZ
THE SPIRIT OF SAFETY

245-1848	PNOZ X3 EMERGENCY STOP switchgear, 24 Vdc	2 071, 48 kr
245-1854	PNOZ X3 EMERGENCY STOP switchgear, 230 Vac	2 071, 48 kr

SAFEMASTER UG 6980 safety relay

- SAFEMASTER C, 24 Vdc safety relay UG 6980 series from Dold
- Multifunctional 2-channel safety modules
- Line fault detection on the ON / OFF button:
- Manual or automatic restart
- Forcibly actuated output contacts

181-2780	UG6980 2-channel safety relay, 2 NO	2 050, 18 kr
181-2779	UG6970 2-channel safety relay, 4S	3 598, 34 kr

Omron G9SE safety relays

- Omron 2-channel safety relay G9SE series
- Connection voltage 24 Vdc, configurable
- Equipped with safety contacts and auxiliary contacts
- Easy and reliable installation and maintenance
- With status display for faster troubleshooting

OMRON

890-3389	G9SE 2-channel safety relay, 2 NO	1 197 kr
890-3382	G9SE 2-channel safety relay, 4S	1 401 kr

PSRclassic safety relay

- PSRclassic safety relay from Phoenix Contact
- Versatile devices - very reliable, thanks to positively driven contacts
- Fast installation and commissioning with convenient connection technology
- Fast wiring, clear diagnosis
- Tested safety and TÜV-certified

PHOENIX CONTACT

666-7078	EMERGENCY STOP protective door monitoring, 24 Vdc	974, 57 kr
666-7117	EMERGENCY STOP protective door monitoring, 24 Vac/dc	1 652, 53 kr

PROTECT SRB301 safety relayT

- wo-channel safety relays, PROTECT SRB301 series from Schmersal
- Control voltage 24 Vac / dc
- For use in safety applications
- Ideal with light beams / curtains, safety mats, switches and locks
- Approvals: BG, USA/CAN

SCHMERSAL

741-8650	SRB301MC safety relay, 24 V	1 870, 98 kr
741-8653	SRB301ST safety relay, 24 V	2 779, 84 kr

Guardmaster® 440R safety relay

- Allen Bradley series 440R Guardmaster dual channel safety relay
- Control voltage 24 Vdc, configurable
- Equipped with two safety contacts + one auxiliary contact
- Integrated functionality of two safety relays in a 22 mm housing
- Electromechanical DI or solid state relay DIS output

Allen-Bradley
Guardmaster

751-1024	440R-D22R2 DI safety relay, 24 V	2 940, 92 kr
751-1027	440R-D22S2 DIS safety relay, 24 V	2 691, 69 kr

RS PRO LED beacons

- Powerful LED beacons in flat design from RS PRO
- Inexpensive solution for applications in all industrial sectors where warning lights are required
- Dimensions: Ø 77 × 95 mm
- Available for voltages from 10 to 100 Vdc, or 110 to 230 Vac

907-5980	LED flash beacon, orange, 10 → 100 Vdc	531, 29 kr
907-5996	LED flash beacon, orange, 110 → 230 Vdc	531, 29 kr
907-5983	LED flash beacon, red, 10 → 100 Vdc	531, 29 kr
907-5999	LED flash beacon, red, 110 → 230 Vdc	531, 29 kr

Patlite LR6 modular signal tower

- Multi-coloured, five-level LED modular signal tower.
- Preconfigured modular beacon tower with LR LEDs in a modular design
- With flashing function and buzzer
- Base mounting, supply voltage 24 Vdc
- Colour spectrum red / yellow / green / white / blue

PATLITE

169-7509	LR6 LED modular signal tower with buzzer, 24 Vdc	2696, 32 kr
-----------------	--	--------------------

Siemens all-round beacons

- LED all-round beacon from Siemens
- Diameter 70 mm, rotating light
- Power supply: 24 Vac / dc, current consumption 40 mA

SIEMENS

190-6060	LED all-round beacon, green, 24 V	2 359, 09 kr
190-6072	LED all-round beacon, red, 24 V	2 359, 09 kr

SIRIUS flashing light

- SIRIUS LED flashing light elements from Siemens
- Power supply 12 to 230 Vac / dc
- Case diameter 70 mm
- Lighting base BA 15d, without lamp element

SIEMENS

181-1658	SIRIUS LED flashing light element, green, 12 → 230 Vac/dc	522, 91 kr
181-1659	SIRIUS LED flashing light element, red, 12 → 230 Vdc/	522, 91 kr

HARMONY XVR LED beacons

- Classic LED beacons, HARMONY XVR series from Schneider Electric
- Awarded the RedDot Industrial Design Award 2014
- Rotation, flashing and blinking functions, maintenance-free thanks to motorless LED technology
- For visual signalling in factories, construction vehicles and public areas
- Four different colours available on RS Online

901-2421	XVR LED beacon, green, 12 → 24 Vdc	1 987, 70 kr
901-2493	XVR LED beacon lamp, orange, 48 Vdc	1 503, 36 kr
901-2481	XVR LED beacon lamp, red, 48 Vdc	1 337, 47 kr

HARMONY XVC6 LED signal tower

- LED signal tower with buzzer, HARMONY XVC6 series from Schneider Electric
- Power supply 24V DC / AC
- Pre-wired, monolithic Ø 60 mm devices
- Continuous light or flashing function, with extremely bright LED lighting

704-3770	XVC6 LED signal tower, red/orange	1 565, 57 kr
704-3798	XVC6 LED signal tower, red/orange/green	1 254, 53 kr
704-3824	XVC6 LED signal tower, red/orange/green/blue/white	1 866, 24 kr

RS PRO electronic sounders

- Electronic sounders from RS PRO, for a reliable warning in emergencies
- Electromechanical high frequency sound output
- Warns of risk of damage or injury and reduces downtime
- Different models and frequencies available on RS Online

199-9748 RS PRO electronic sounder 24 V, 114 dB **2 521, 23 kr**
199-9747 RS PRO electronic sounder 240 V, 114 dB **2 353, 17 kr**

Patlite sounders, EHS series

- Alarm horns from Patlit EHS series for wall mounting, with exceptional sound quality
- Pre-installed with alarm tones and melodies in MP3 format
- Suitable for plant-wide notifications and public announcements
- Degree of protection IP65, suitable for indoor and outdoor use

PATLITE

124-9248 EHS electronic sounder, 32-tone **2 967, 02 kr**
864-2532 EHS electronic sounder, 63-tone **5 017, 04 kr**

Patrol PA-1 sounders

- Electronic sounders Patrol PA-1, with a sound pressure of 100 dB
- Penetrating acoustic presence, with 80 alarm tones
- Reduction of the required number of sounders per area
- Significantly shorter assembly and installation time
- Impact-resistant housing IK08

846-3642 Patrol PA-1 sounder 80-tone, 24 Vdc **1 085, 07 kr**
846-3645 Patrol PA-1 sounder 80-tone, 240 Vdc **1 508, 33 kr**

Auer signal horns

- Professional series KLH-KDH from Auer
- Electromechanical 1-tone horn in a shockproof housing
- Robust and penetrating, in a compact design.
- Max. sound pressure 108 dB

135-0727 Auer signal horn, grey, 24 Vdc **460, 09 kr**
135-0728 Auer signal horn, grey, 230 Vac **445, 33 kr**

Asserta Midi 32-tone sounder

- Electronic 32-tone alarm devices from the Asserta Midi series by Fulleon
- Sound pressure level up to 110 dB at a distance of 1 m
- Three alarm levels for different warning states

477-4272 Asserta Midi sounder 32-tone, 9 → 60 Vdc **932, 42 kr**
477-4288 Asserta Midi sounder 32-tone, 115 → 230 Vdc **1 175, 65 kr**

Nexus 110, 64-tone sounder

- Electronic sounder and beacon from Klaxon, with 64 tone levels
- Has three alarm levels and 64 tones with volume control
- Fast and reliable installation thanks to the bayonet lock
- Degree of protection IP66

539-4697 Nexus 110 sounder 64-tone, 10 → 60 Vdc **1 018, 44 kr**
539-4726 Nexus 110 sounder 64-tone, 110 → 230 Vac **1 406 kr**

MC55 Mini sounder and beacon

- Mini sounder and beacons MC55 series from Werma for 24 Vdc connection
- With clear lens, colours red / green / yellow
- Operating temperature range: -20°C to +50°C
- Degree of protection IP65, protection class 2

197-4290	Mini sounder and beacon, cable connection	494, 43 kr
197-4291	Mini sounder and beacon, with M12 plug	573, 90 kr

746-5013	Permanent beacon, yellow	800, 24 kr

EvoSIGNAL Mini beacon lamps

- Sounder and beacon from the EvoSIGNAL Mini series from WERMA, with TwinLight signal image
- Standard solution in signalling - modular, simple and clear
- For power supplies from 115 to 230 Vac
- Suitable for a temperature range from -30° C to +60°C
- Dimensions: Ø 62 × 85 mm
- Other models for alternative voltages can be found on RS Online

197-4167	EvoSIGNAL Mini TwinLIGHT, red	549, 11 kr
197-4173	EvoSIGNAL Mini TwinLIGHT, green	549, 11 kr
197-4177	EvoSIGNAL Mini TwinLIGHT, yellow	549, 11 kr

EvoSIGNAL Midi beacon lamps

- Sounder and beacon from the EvoSIGNAL Midi series from WERMA, with / TwinLight signal image
- Standard solution in signalling - modular, simple and clear
- For power supplies from 115 to 230 Vac
- Suitable for a temperature range from -30° C to +60°C
- Dimensions: Ø 85 × 130 mm

197-4197	EvoSIGNAL Midi TwinLIGHT, red	1 032, 89 kr
197-4202	EvoSIGNAL Midi TwinLIGHT, green	1 032, 89 kr
197-4204	EvoSIGNAL Midi TwinLIGHT, yellow	1 032, 89 kr

EvoSIGNAL Maxi beacon lamps

- Sounder and beacon from the EvoSIGNAL Maxi series from WERMA, with flash EVS TwinFlash signal image
- Standard solution in signalling - modular, simple and clear
- For power supplies from 115 to 230 Vac
- Suitable for a temperature range from -30° C to +60°C
- Dimensions: Ø 120 × 173 mm

197-4222	EvoSIGNAL Maxi TwinLIGHT, red	2 262, 23 kr
197-4229	EvoSIGNAL Maxi TwinLIGHT, green	2 262, 23 kr
197-4231	EvoSIGNAL Maxi TwinLIGHT, yellow	2 262, 23 kr

EvoSIGNAL Mini Combi sounder and beacon

- Alarm beacon from the EvoSIGNAL Mini Combi series from WERMA
- With EVS TwinFlash signal image and 95 dB continuous tone / pulse tone
- For power supplies from 115 to 230 Vac
- Suitable for a temperature range from -30°C to +60°C
- Dimensions: Ø 62 × 85 mm

197-4246	EvoSIGNAL Mini TwinLIGHT Combi, red	961, 47 kr
197-4253	EvoSIGNAL Mini TwinLIGHT Combi, green	961, 47 kr
197-4257	EvoSIGNAL Mini TwinLIGHT Combi, yellow	961, 47 kr

Werma signal tower K37

- Slim 24 Vac / dc LED signal tower, with 1 to 5 optical signalling levels
